ABOUT MYSELF

I'm a full-stack developer with a strong focus on back-end and solid knowledge in web development, with 3 years of experience in software development. My passion for programming is combined with a desire to learn and improve my knowledge.

WORK EXPERIENCE

🏢 *Idrica* – Spain

Country: Spain

Full Stack Developer

[08/2023 – Current]

Application and REST API development using .Net Core (C#) for the backend and Angular (TypeScript) for the frontend, using SQL Server and PostgreSQL for database management.
I have also contributed in a web application working on the frontend and functionality with React and .Net Core. I have used other tools like Git (GitLab) or Postman.

🏢 *Técnicas Competitivas S.A.* – Spain

Country: Spain

Junior Software Developer

[06/2022 – 08/2023]

- Development and maintenance of a web application for economic management using C# ASP.NET MVC.
- Development, management and maintenance of a database in SQL Server.
- Working group with Scrum methodology.
- Version control with GitLab.
- Use of other tools: NUnit for testing, SonarQube for code quality, DocFX to generate documentation and Jenkins for continuous integration.
